MEMORANDUM

SUBJECT: Hydrocarbon Recyclers, Inc., of Wichita, Kansas  
Final HSWA Portion of the RCRA Permit

FROM: Lyndell L. Harrington, Chief  
RCRA Branch

TO: Michael J. Sanderson, Acting Director  
Waste Management Division

Attached is the final HSWA portion of the RCRA permit for Hydrocarbon Recyclers, Inc. (HRI), of Wichita, Kansas. The state's portion of the permit allows HRI to store and to treat hazardous waste. HRI is mainly a hazardous waste fuel blender. Our portion only covers corrective action for SWMUs and other nondelegated portions of HSWA.

The only comments received during the public comment period were from the facility plant manager. The comments were minor in nature and we do not expect an appeal.

The permit requires your signature on the cover page for it to become effective. Please do not fill in the dates on the cover page. Thank you.
